

Geographical location makes Oradea a very important regional and international tourist attraction. The city is located 12 km from Felix Spa, the largest balneal resort in Romania. At the same time, the Bihor county has other tourist attractions: Stâna de Vale, karst formations in the Apuseni Mountains (Bear's Cave, Fortresses of Ponor, etc.).

The University of Oradea is one of the most dynamic universities in Romania. The Department of Energy Engineering of the University of Oradea, has been founded in 1992, and its scientific activity focuses on the identification of solutions for efficient exploitation of energy resources, optimization and sustainability of energy consumption.

During CIE 2017, together with experience exchange and presentation of ideas and achievements, energy specialists can also visit some tourist attractions of the Bihor county and enjoy the geothermal pools in Felix Spa.

Being aware of your activity and achievements, we have the great pleasure to invite you to participate in our Conference by submitting and presenting your contributions:

CIE 2017 will be held under the motto:
„Clean and Available Energy”

Organizers:

- University of Oradea, Department of Energy Engineering
- SIER – Society of Power Engineers from Romania

CIE 2017 will be organized in partnership with local and regional institutions and companies relevant to conference topics.

Discussion within the CIE 2017 will be focused on the following topics:

- Reliability and Energy Systems Quality Services.
- Renewable Energy Sources. Sustainable Energy Technologies.
- Evolution of Power Transport and Distribution Systems. Performance of Energy Systems.
- Buildings and transportation systems energy engineering.
- Management and economic engineering in energy engineering. Power Market and Stock-market.

The papers will be written in **English** or **Romanian**.

The official languages of the conference are Romanian and English.

The e-mail address where the abstracts and full papers will be sent is energy_cie@yahoo.com

Receipt deadline abstracts: 15 April 2017. Content summary: title, author (with details contact author), authors' addresses (including e-mail), abstract and keywords.

Receipt deadline full papers: 1st May 2017. The instructions for preparing the paper, about participation fees, organizing the conference (accommodation, meals, etc.) are shown on the website of the conference: www.energy-cie.ro.

The best papers presented at the CIE 2017, written in **English**, will be published in the JSE volume 2017, indexed in International Databases.

The participation fee is 300 lei, including: the proceedings of the conference papers, access to papers of the conference, the lunch and the dinner, other specific costs of organizing the conference.

Compared to previous years, the program of CIE 2017 includes an exhibition and also round tables with the following topics: Renewable Energy Sources, Modern Equipment for Power System, Advanced Measurement Instrumentation, Development of Manager and Organization Competencies in the Energy Sector. Suppliers and users of equipment and tools will be present.

For clarification, please contact us at the addresses:

energy_cie@yahoo.com or you may visit: www.energy-cie.ro.

We are looking forward to see you at Oradea, at CIE 2017
